The bill would increase the maximum level of total bonding capacity, as defined, that a school district could have in order to be deemed eligible for financial hardship under the act from $5,000,000 to $10,000,000. These respective bond acts would become operative only if approved by the people.
voters at the March 3, 2020, statewide primary election and the

Community Colleges to review and evaluate applications for capital
outlay allocations of funds made available for community college
facilities pursuant to those bond acts. The bill would require the board
of governors to annually prepare a capital outlay spending plan for
recommended expenditures of funds pursuant to those bond acts.

(d) Further, the regulations shall also specify a method for determining required levels of local effort to obtain matching funds. The regulations shall include consideration of at least all of the following factors:

(1) Whether the school district has passed a bond measure within the two-year period immediately preceding the application for funding under this article, the proceeds of which are substantially available for use in the project to be funded under this chapter, but remains unable to provide the necessary matching share requirement.

(2) Whether the principal amount of the current outstanding bonded indebtedness issued for the purpose of constructing school facilities for the school district and secured by property within the school district or by revenues of, or available to, the school district, which shall include general obligation bonds, Mello-Roos bonds, school facility improvement district bonds, certificates of participation, and other debt instruments issued for the purpose of constructing school facilities for the school district and for which owners of property within the school district or the school district

a county superintendent of schools.

(5) Whether the school district submits other evidence of
substantial local effort acceptable to the board.

The allocated funds shall supplement funding from insurance or
any other local, state, or federal government disaster assistance.

(b) For purposes of this section, and notwithstanding any other

(b) A school district may apply to the board for funding under this article for a project that meets either of the following criteria:

(1) The joint-use project is part of an application for new construction funding under this chapter, and will increase the size or extra cost associated with the joint use of the proposed multipurpose room, gymnasium, childcare or preschool facility, library, wellness center, or theater beyond that necessary for school use.

(2) The joint-use project proposes to either reconfigure existing school buildings or construct new school buildings, or both, to provide for a multipurpose room, a gymnasium, a library, a childcare or preschool facility, a wellness center, or a theater, and the project will be located at a school that does not have the type of facility for which funds are requested or the existing facility is inadequate.

SEC. 7. Section 17077.42 of the Education Code is amended to read:

17077.42. In order to be approved for a grant under this article, the applicant district shall demonstrate that it has complied with all of the following:

(b) The joint-use agreement specifies the method of sharing capital and operating costs, specifies relative responsibilities for the operation and staffing of the facility, and specifies the manner in which the safety of the pupils will be ensured.

(c) The joint-use agreement specifies the amount of the contribution to be made by the school district and the joint-use
partner toward the 50-percent local share of eligible project costs. The contribution made by a joint-use partner shall be no less than 25 percent of eligible project costs, unless the school district has passed a local bond which specifies that proceeds of sale of the bonds are to be used for the joint-use project, in which case the school district may opt to provide up to the full 50-percent local share of eligible costs. The board may adopt regulations to allow ongoing operational and staffing contributions of the joint use partner to be considered in the required local matching share.

(d) The school district demonstrates that the facility will be used to the maximum extent possible for both school and community purposes, or both school and higher education purposes, as applicable.

(e) (1) The project application qualifies for funding under paragraph (1) of subdivision (b) of Section 17077.40 and the school district has received all approvals necessary for apportionment under this chapter.

(2) The project qualifies for funding under paragraph (2) of subdivision (b) of Section 17077.40 and the school district has completed preliminary plans for the project and has received State Department of Education approval of the plans.

(2) The board shall release disbursements to school districts with approved applications for purposes of this article, to the extent state funds are available for a 60-percent share, and the school district has provided a 40-percent local match. Subject to the availability of funds, the board shall apportion funds to an
eligible school district only upon review of evidence that the
required 40-percent matching funds from local sources have been
expended by the school district for the project, have been deposited
in the county fund, or will be expended by the district by the time
of completion of the project, and upon review of evidence that the
district has entered into a binding contract for the completion of
that project.
(b) (1) A school district that applies for funding to test lead
levels in water fountains and faucets shall be required to test all
water fountains and faucets on the schoolsite, except water
fountains and faucets that have been tested or replaced since
January 1, 2010.
(2) A school district shall provide the test results to the Office
of Public School Construction and the school district’s local
community water system.
(c) (1) A school district may request a grant for the replacement
of a water fountain or faucet if the test results indicate lead levels
for that water fountain or faucet exceed 15 parts per billion.
(2) Additional testing shall be required upon completion of the
remediation efforts specified in paragraph (1) to ensure that lead
levels have fallen below 15 parts per billion.
(d) The board shall establish funding cycles for allocation of
funds. If funds are available at the conclusion of the funding cycles,
the board may adopt regulations to provide grants to replace any
pipes or fixtures that are contributing to the elevated lead levels if
lead levels do not fall below 15 parts per billion after additional
testing has been performed as specified in paragraph (2) of
subdivision (c).
(e) The board may consider setting a maximum amount on the
grant to be provided for testing and remediation.

(b) For purposes of the State General Obligation Bond Law, the State Allocation Board is designated the “board” for purposes of administering the 2020 State School Facilities Fund.

101433. (a) Upon request of the State Allocation Board, the State School Building Finance Committee shall determine by resolution whether or not it is necessary or desirable to issue bonds authorized pursuant to this chapter in order to fund the related apportionments and, if so, the amount of bonds to be issued and sold. Successive issues of bonds may be authorized and sold to fund those apportionments progressively, and it is not necessary that all of the bonds authorized to be issued be sold at any one time.

(b) A request of the State Allocation Board pursuant to subdivision (a) shall be supported by a statement of the apportionments made and to be made for the purposes described in Section 101421.

101434. There shall be collected each year and in the same manner and at the same time as other state revenue is collected, in addition to the ordinary revenues of the state, a sum in an amount required to pay the principal of, and interest on, the bonds each year. It is the duty of all officers charged by law with any duty in regard to the collection of the revenue to do and perform each and every act that is necessary to collect that additional sum.

101435. Notwithstanding Section 13340 of the Government Code, there is hereby appropriated from the General Fund in the State Treasury, for the purposes of this chapter, an amount that equals the total of the following:

Investment Board to obtain and repay the loan. Any amounts
loaned shall be deposited in the fund to be allocated by the State
Allocation Board in accordance with this chapter.

101437. Notwithstanding any other provision of this chapter,
or of the State General Obligation Bond Law, if the Treasurer sells
bonds pursuant to this chapter that include a bond counsel opinion
to the effect that the interest on the bonds is excluded from gross
income for federal tax purposes under designated conditions or is
otherwise entitled to any federal tax advantage, the Treasurer may
maintain separate accounts for the investment of bond proceeds
and for the investment earnings on those proceeds. The Treasurer
may use or direct the use of those proceeds or earnings to pay any
rebate, penalty, or other payment required under federal law or
take any other action with respect to the investment and use of
those bond proceeds required or desirable under federal law to
maintain the tax-exempt status of those bonds and to obtain any
other advantage under federal law on behalf of the funds of this
state.

101438. For purposes of carrying out this chapter, the Director
of Finance may authorize the withdrawal from the General Fund
of an amount not to exceed the amount of the unsold bonds,
excluding any refunding bonds authorized pursuant to Section
101440, that have been authorized by the State School Building
Finance Committee to be sold for the purpose of carrying out this
chapter. Any amounts withdrawn shall be deposited in the 2020
State School Facilities Fund consistent with this chapter. Any
money made available under this section shall be returned to the
General Fund, plus an amount equal to the interest that the money
would have earned in the Pooled Money Investment Account, from
proceeds received from the sale of bonds for purposes of carrying
out this chapter.

101439. All moneys deposited in the 2020 State School
Facilities Fund that are derived from premium and accrued interest
on bonds sold pursuant to this chapter shall be reserved in the fund
and shall be available for transfer to the General Fund as a credit
to expenditures for bond interest, except those amounts derived
from premium may be reserved and used to pay the cost of the
bond issuance before any transfer to the General Fund.

101440. The bonds issued and sold pursuant to this chapter
may be refunded in accordance with Article 6 (commencing with
Section 16780) of Chapter 4 of Part 3 of Division 4 of Title 2 of
the Government Code, which is a part of the State General
Obligation Bond Law. Approval by the voters of the state for the
issuance of the bonds described in this chapter includes the
approval of the issuance of any bonds issued to refund any bonds
originally issued under this chapter or any previously issued
refunding bonds. Any bond refunded with the proceeds of
refunding bonds as authorized by this section may be legally
defeased to the extent permitted by law in the manner and to the
extent set forth in the resolution, as amended from time to time,
authorizing that refunded bond.

101441. The proceeds from the sale of bonds authorized by
this chapter are not “proceeds of taxes” as that term is used in
Article XIII B of the California Constitution, and the disbursement
of these proceeds is not subject to the limitations imposed by that
article.

a debt or debts, liability or liabilities, of the State of California
pursuant to this chapter for the purpose of providing funds to aid
the California Community Colleges.
Article 2. California Community College Program Provisions

101443. (a) From the proceeds of bonds issued and sold pursuant to Article 3 (commencing with Section 101444), the sum of ____ dollars ($____) shall be deposited in the 2020 California Community College Capital Outlay Bond Fund for purposes of this article. When appropriated, these funds shall be available for expenditure for purposes of this article.
(b) The purposes of this article include assisting in meeting the capital outlay financing needs of the California Community Colleges.
(c) Proceeds from the sale of bonds issued and sold for purposes of this article may be used to fund construction on existing campuses, including the construction of buildings and the acquisition of related fixtures, construction of facilities that may be used by more than one segment of public higher education (intersegmental), the renovation and reconstruction of facilities, site acquisition, the equipping of new, renovated, or reconstructed facilities, which equipment shall have an average useful life of 10 years, and to provide funds for the payment of preconstruction costs, including, but not limited to, preliminary plans and working drawings for facilities of the California Community Colleges.

101444. (a) Of the total amount of bonds authorized to be issued and sold pursuant to Chapter 1 (commencing with Section 101410), bonds in the total amount of ____ dollars ($____), not including the amount of any refunding bonds issued in accordance with Section 101449, or so much thereof as is necessary, may be issued and sold to provide a fund to be used for carrying out the purposes expressed in this chapter and to reimburse the General Obligation Bond Expense Revolving Fund pursuant to Section 16724.5 of the Government Code.
(b) Pursuant to this section, the Treasurer shall sell the bonds authorized by the Higher Education Facilities Finance Committee established pursuant to Section 67353 at any different times necessary to service expenditures required by the apportionments.
101444.5. (a) The bonds authorized by this chapter shall be prepared, executed, issued, sold, paid, and redeemed as provided
in the State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code), and all acts amendatory thereof and supplementary thereto, are hereby incorporated into this chapter as though set forth in full within this chapter, except that subdivisions (a) and (b) of Section 16727 of the Government Code shall not apply to the bonds authorized by this chapter.

(b) For purposes of the State General Obligation Bond Law, each state agency administering an appropriation of the 2020 Community College Capital Outlay Bond Fund is designated as the “board” for projects funded pursuant to this chapter.

(c) The proceeds of the bonds issued and sold pursuant to this chapter shall be available for the purpose of funding aid to the California Community Colleges for the construction on existing or new campuses, and their respective off-campus centers and joint use and intersegmental facilities, as set forth in this chapter and subject to the recommendations made pursuant to Chapter 9 (commencing with Section 82700) of Part 49 of Division 7.

101445. The Higher Education Facilities Finance Committee established pursuant to Section 67353 shall authorize the issuance of bonds under this chapter only to the extent necessary to fund the related apportionments for the purposes described in this chapter that are expressly authorized by the Legislature in the annual Budget Act, subject to the recommendations made pursuant to Chapter 9 (commencing with Section 82700) of Part 49 of Division 7. Pursuant to that legislative direction, the committee shall determine by resolution whether or not it is necessary or desirable to issue bonds authorized pursuant to this chapter in order to carry out the purposes described in this chapter and, if so, the amount of bonds to be issued and sold. Successive issues of bonds may be authorized and sold to carry out those actions progressively, and it is not necessary that all of the bonds authorized to be issued be sold at any one time.

101445.5. There shall be collected each year and in the same manner and at the same time as other state revenue is collected, in addition to the ordinary revenues of the state, a sum in an amount required to pay the principal of, and interest on, the bonds each year. It is the duty of all officers charged by law with any duty in regard to the collection of the revenue to do and perform each and every act that is necessary to collect that additional sum.
101446. Notwithstanding Section 13340 of the Government Code, there is hereby appropriated from the General Fund in the State Treasury, for the purposes of this chapter, an amount that equals the total of the following:

(a) The sum annually necessary to pay the principal of, and interest on, bonds issued and sold pursuant to this chapter, as the principal and interest become due and payable.

(b) The sum necessary to carry out Section 101447.5, appropriated without regard to fiscal years.

101446.5. The board, as defined in subdivision (b) of Section 101444.5, may request the Pooled Money Investment Board to make a loan from the Pooled Money Investment Account or any other approved form of interim financing, in accordance with Section 16312 of the Government Code, for the purpose of carrying out this chapter. The amount of the request shall not exceed the amount of the unsold bonds that the Higher Education Facilities Finance Committee, by resolution, has authorized to be sold for the purpose of carrying out this chapter excluding any refunding bonds authorized pursuant to Section 101449. The board, as defined in subdivision (b) of Section 101444.5, shall execute any documents required by the Pooled Money Investment Board to obtain and repay the loan. Any amounts loaned shall be deposited in the fund to be allocated by the board in accordance with this chapter.

101447. Notwithstanding any other provision of this chapter, or of the State General Obligation Bond Law, if the Treasurer sells bonds pursuant to this chapter that include a bond counsel opinion to the effect that the interest on the bonds is excluded from gross income for federal tax purposes under designated conditions or is otherwise entitled to any federal tax advantage, the Treasurer may maintain separate accounts for the investment of bond proceeds and for the investment earnings on those proceeds. The Treasurer may use or direct the use of those proceeds or earnings to pay any rebate, penalty, or other payment required under federal law or take any other action with respect to the investment and use of those bond proceeds required or desirable under federal law to maintain the tax-exempt status of those bonds and to obtain any other advantage under federal law on behalf of the funds of this state.
(a) For purposes of carrying out this chapter, the Director of Finance may authorize the withdrawal from the General Fund of an amount not to exceed the amount of the unsold bonds, excluding any refunding bonds authorized pursuant to Section 101449, that have been authorized by the Higher Education Facilities Finance Committee to be sold for the purpose of carrying out this chapter. Any amounts withdrawn shall be deposited in the 2020 California Community College Capital Outlay Bond Fund consistent with this chapter. Any money made available under this section shall be returned to the General Fund, plus an amount equal to the interest that the money would have earned in the Pooled Money Investment Account, from proceeds received from the sale of bonds for purposes of carrying out this chapter.

(b) Any request forwarded to the Legislature and the Department of Finance for funds from this bond issue for expenditure for the purposes described in this chapter by the California Community Colleges shall be accompanied by the five-year capital outlay plan that reflects the needs and priorities of the community college system and is prioritized on a statewide basis. Requests shall include a schedule that prioritizes the seismic retrofitting needed to significantly reduce, in the judgment of the particular college, seismic hazards in buildings identified as high priority by the college.

101448. All moneys deposited in the 2020 California Community College Capital Outlay Bond Fund that are derived from premium and accrued interest on bonds sold pursuant to this chapter shall be reserved in the fund and shall be available for transfer to the General Fund as a credit to expenditures for bond interest, except those amounts derived from premium may be reserved and used to pay the cost of the bond issuance before any transfer to the General Fund.

101449. The bonds issued and sold pursuant to this chapter may be refunded in accordance with Article 6 (commencing with Section 16780) of Chapter 4 of Part 3 of Division 4 of Title 2 of the Government Code, which is a part of the State General Obligation Bond Law. Approval by the voters of the state for the issuance of the bonds described in this chapter includes the approval of the issuance of any bonds issued to refund any bonds originally issued under this chapter or any previously issued refunding bonds. Any bond refunded with the proceeds of
refunding bonds as authorized by this section may be legally
defeated to the extent permitted by law in the manner and to the
extent set forth in the resolution, as amended from time to time,
authorizing that refunded bond.

101449.5. The proceeds from the sale of bonds authorized by
this chapter are not “proceeds of taxes” as that term is used in
Article XIII B of the California Constitution, and the disbursement
of these proceeds is not subject to the limitations imposed by that
article.

and constitute a valid and binding obligation of the State of
California, and the full faith and credit of the State of California
is hereby pledged for the punctual payment of the principal of, and

payable.

Chapter 2. Kindergarten-Grade 12

Article 1. Kindergarten-Grade 12 School Facilities Program
Provisions

101620. The proceeds of bonds issued and sold pursuant to

101630. (a) Of the total amount of bonds authorized to be issued and sold pursuant to Chapter 1 (commencing with Section 101610), bonds in the amount of____dollars ($____) not including the amount of any refunding bonds issued in accordance with Section 101640, or so much thereof as is necessary, may be issued and sold to provide a fund to be used for carrying out the purposes expressed in this chapter and to reimburse the General Obligation Bond Expense Revolving Fund pursuant to Section 16724.5 of the Government Code.

(b) Pursuant to this section, the Treasurer shall sell the bonds authorized by the State School Building Finance Committee established pursuant to Section 15909 at any different times necessary to service expenditures required by the apportionments.

101631. The State School Building Finance Committee, established by Section 15909 and composed of the Governor, the Controller, the Treasurer, the Director of Finance, and the Superintendent, or their designated representatives, all of whom shall serve thereon without compensation, and a majority of whom shall constitute a quorum, is continued in existence for the purpose of this chapter. The Treasurer shall serve as chairperson of the committee. Two Members of the Senate appointed by the Senate Committee on Rules, and two Members of the Assembly appointed
by the Speaker of the Assembly, shall meet with and provide advice
to the committee to the extent that the advisory participation is not
incompatible with their respective positions as Members of the
Legislature. For purposes of this chapter, the Members of the
Legislature shall constitute an interim investigating committee on
the subject of this chapter and, as that committee, shall have the
powers granted to, and duties imposed upon, those committees by

Finance shall provide assistance to the committee as it may require.
The Attorney General is the legal adviser of the committee.

101632. (a) The bonds authorized by this chapter shall be
prepared, executed, issued, sold, paid, and redeemed as provided
in the State General Obligation Bond Law (Chapter 4 (commencing
with Section 16720) of Part 3 of Division 4 of Title 2 of the
Government Code), and all acts amendatory thereof and
supplementary thereto, are hereby incorporated into this chapter
as though set forth in full within this chapter, except that
subdivisions (a) and (b) of Section 16727 of the Government Code
shall not apply to the bonds authorized by this chapter.

(b) For purposes of the State General Obligation Bond Law, the
State Allocation Board is designated the “board” for purposes of
administering the 2022 State School Facilities Fund.

101633. (a) Upon request of the State Allocation Board, the
State School Building Finance Committee shall determine by
resolution whether or not it is necessary or desirable to issue bonds
authorized pursuant to this chapter in order to fund the related
apportionments and, if so, the amount of bonds to be issued and
sold. Successive issues of bonds may be authorized and sold to
fund those apportionments progressively, and it is not necessary
that all of the bonds authorized to be issued be sold at any one
time.

(b) A request of the State Allocation Board pursuant to
subdivision (a) shall be supported by a statement of the
apportionments made and to be made for the purposes described
in Section 101621.

101634. There shall be collected each year and in the same
manner and at the same time as other state revenue is collected,
in addition to the ordinary revenues of the state, a sum in an amount
required to pay the principal of, and interest on, the bonds each
year. It is the duty of all officers charged by law with any duty in
regard to the collection of the revenue to do and perform each and
every act that is necessary to collect that additional sum.

101635. Notwithstanding Section 13340 of the Government
Code, there is hereby appropriated from the General Fund in the
State Treasury, for the purposes of this chapter, an amount that
equals the total of the following:
(a) The sum annually necessary to pay the principal of, and
interest on, bonds issued and sold pursuant to this chapter, as the
principal and interest become due and payable.
(b) The sum necessary to carry out Section 101638, appropriated

101636. The State Allocation Board may request the Pooled
Money Investment Board to make a loan from the Pooled Money
Investment Account or any other approved form of interim
financing, in accordance with Section 16312 of the Government
Code, for the purpose of carrying out this chapter. The amount of
the request shall not exceed the amount of the unsold bonds that
the committee, by resolution, has authorized to be sold for the
purpose of carrying out this chapter excluding any refunding bonds
authorized pursuant to Section 101640. The State Allocation Board
shall execute any documents required by the Pooled Money
Investment Board to obtain and repay the loan. Any amounts
loaned shall be deposited in the fund to be allocated by the State
Allocation Board in accordance with this chapter.

101637. Notwithstanding any other provision of this chapter,
or of the State General Obligation Bond Law, if the Treasurer sells
bonds pursuant to this chapter that include a bond counsel opinion
to the effect that the interest on the bonds is excluded from gross
income for federal tax purposes under designated conditions or is
otherwise entitled to any federal tax advantage, the Treasurer may
maintain separate accounts for the investment of bond proceeds
and for the investment earnings on those proceeds. The Treasurer
may use or direct the use of those proceeds or earnings to pay any
rebate, penalty, or other payment required under federal law or
take any other action with respect to the investment and use of
those bond proceeds required or desirable under federal law to
maintain the tax-exempt status of those bonds and to obtain any
other advantage under federal law on behalf of the funds of this
state.
For purposes of carrying out this chapter, the Director of Finance may authorize the withdrawal from the General Fund of an amount not to exceed the amount of the unsold bonds, excluding any refunding bonds authorized pursuant to Section 101640, that have been authorized by the State School Building Finance Committee to be sold for the purpose of carrying out this chapter. Any amounts withdrawn shall be deposited in the 2022 State School Facilities Fund consistent with this chapter. Any money made available under this section shall be returned to the General Fund, plus an amount equal to the interest that the money would have earned in the Pooled Money Investment Account, from proceeds received from the sale of bonds for purposes of carrying out this chapter.

All moneys deposited in the 2022 State School Facilities Fund that are derived from premium and accrued interest on bonds sold pursuant to this chapter shall be reserved in the fund and shall be available for transfer to the General Fund as a credit to expenditures for bond interest, except those amounts derived from premium may be reserved and used to pay the cost of the bond issuance before any transfer to the General Fund.

The bonds issued and sold pursuant to this chapter may be refunded in accordance with Article 6 (commencing with Section 16780) of Chapter 4 of Part 3 of Division 4 of Title 2 of the Government Code, which is a part of the State General Obligation Bond Law. Approval by the voters of the state for the issuance of the bonds described in this chapter includes the approval of the issuance of any bonds issued to refund any bonds originally issued under this chapter or any previously issued refunding bonds. Any bond refunded with the proceeds of refunding bonds as authorized by this section may be legally defeased to the extent permitted by law in the manner and to the extent set forth in the resolution, as amended from time to time, authorizing that refunded bond.

The proceeds from the sale of bonds authorized by this chapter are not “proceeds of taxes” as that term is used in Article XIII B of the California Constitution, and the disbursement of these proceeds is not subject to the limitations imposed by that article.

101645. The Higher Education Facilities Finance Committee established pursuant to Section 67353 shall authorize the issuance of bonds under this chapter only to the extent necessary to fund the related apportionments for the purposes described in this chapter that are expressly authorized by the Legislature in the
annual Budget Act, subject to the recommendations made pursuant

and it is not necessary that all of the bonds authorized to be issued
be sold at any one time.

101645.5. There shall be collected each year and in the same
manner and at the same time as other state revenue is collected,
in addition to the ordinary revenues of the state, a sum in an amount

Code, there is hereby appropriated from the General Fund in the
State Treasury, for the purposes of this chapter, an amount that
equals the total of the following:
(a) The sum annually necessary to pay the principal of, and
interest on, bonds issued and sold pursuant to this chapter, as the
principal and interest become due and payable.
(b) The sum necessary to carry out Section 101647.5,
appropriated without regard to fiscal years.

101646.5. The board, as defined in subdivision (b) of Section
101644.5, may request the Pooled Money Investment Board to
make a loan from the Pooled Money Investment Account or any
other approved form of interim financing, in accordance with
Section 16312 of the Government Code, for the purpose of carrying
