An act to add and repeal Article 2.3 (commencing with Section 66010.8) of Chapter 2 of Part 40 of Division 5 of Title 3 of the Education Code, relating to postsecondary education.

LEGISLATIVE COUNSEL’S DIGEST

AB 130, as introduced, Low. Postsecondary education: Office of Higher Education Performance and Accountability.

Existing law establishes the University of California, under the administration of the Regents of the University of California, the California State University, under the administration of the Trustees of the California State University, the California Community Colleges, under the administration of the Board of Governors of the California Community Colleges, independent institutions of higher education, and private postsecondary educational institutions as the segments of postsecondary education in this state.

Existing law states the intent of the Legislature that budget and policy decisions regarding postsecondary education generally adhere to 3 specified goals and that appropriate metrics be identified, defined, and formally adopted to monitor progress toward the achievement of the goals.

Existing law establishes the California Postsecondary Education Commission (CPEC) as the statewide postsecondary education coordinating and planning agency, and provides for its functions and responsibilities. Existing law also provides for the composition of CPEC’s membership. The annual state Budget Acts from the 2011–12
fiscal year to the 2018–19 fiscal year, inclusive, have provided no funding for CPEC.

This bill would establish the Office of Higher Education Performance and Accountability as the statewide postsecondary education coordination and planning entity. The bill would provide for the appointment by the Governor, subject to confirmation by a majority of the membership of the Senate, of an executive director of the office. The bill would establish an 8-member advisory board for the purpose of examining, and making recommendations to, the office regarding the functions and operations of the office and reviewing and commenting on any recommendations made by the office to the Governor and the Legislature, among other specified duties.

The bill would specify the functions and responsibilities of the office, which would include, among other things, participation, as specified, in the identification and periodic revision of state goals and priorities for higher education, reviewing and making recommendations regarding cross-segmental and interagency initiatives and programs, advising the Legislature and the Governor regarding the need for, and the location of, new institutions and campuses of public higher education, acting as a clearinghouse for postsecondary education information and as a primary source of information for the Legislature, the Governor, and other agencies, and reviewing all proposals for changes in eligibility pools for admission to public institutions and segments of postsecondary education.

The bill would authorize the office to require the governing boards and institutions of public postsecondary education to submit data to the office on plans and programs, costs, selection and retention of students, enrollments, plant capacities, and other matters pertinent to effective planning, policy development, and articulation and coordination. To the extent that this provision would impose new duties on community college districts, it would constitute a state-mandated local program.

The bill would require the office to report to the Legislature and the Governor on or before December 31 of each year regarding its progress in achieving specified objectives and responsibilities.

The bill would repeal its provisions on January 1, 2026.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state,
reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

The people of the State of California do enact as follows:

SECTION 1. Article 2.3 (commencing with Section 66010.8) is added to Chapter 2 of Part 40 of Division 5 of Title 3 of the Education Code, to read:

SEC. 2. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.
