An act to amend Section 84752 of the Education Code, relating to community colleges.

LEGISLATIVE COUNSEL’S DIGEST

AB 720, as introduced, Muratsuchi. Community colleges: funding.
Existing law establishes the California Community Colleges under the administration of the Board of Governors of the California Community Colleges. Existing law authorizes the establishment of community college districts under the administration of community college governing boards, and authorizes these districts to provide instruction at community college campuses throughout the state. Existing law establishes a system for the apportionment of state funding to community college districts. This system is generally based on calculations related to the number of full-time equivalent students (FTES) in attendance at each district.

This bill would make technical, nonsubstantive changes in a provision relating to the FTES-based funding, including deleting obsolete language.

The people of the State of California do enact as follows:

SECTION 1. Section 84752 of the Education Code is amended to read:
84752. (a) No community college district shall receive full-time equivalent student (FTES) funding for activities that are fully funded through another source. The Board of Governors of the California Community Colleges board of governors shall adopt regulations to implement this subdivision. section.

(b) The State Auditor shall report to the Legislature by January 1, 2000, on the status of community college district compliance with this section. In preparing this report, the State Auditor shall use the audit methodology used in the Bureau of State Audits Report No. 96103.
