ASSEMBLY BILL No. 1153

Introduced by Assembly Member Wicks

February 21, 2019

An act to add Article 7 (commencing with Section 87200) to Chapter 1 of Part 51 of Division 7 of Title 3 of the Education Code, and to amend Section 11165.7 of the Penal Code, relating to community colleges.

LEGISLATIVE COUNSEL’S DIGEST

Existing law establishes the California Community Colleges, under the administration of the Board of Governors of the California Community Colleges, as one of the segments of public postsecondary education in this state. Existing law establishes community college districts throughout the state, and authorizes them to operate campuses and provide instruction to students.

The Child Abuse and Neglect Reporting Act requires a mandated reporter, which includes a specified employee or administrator of a community college district, to report whenever the mandated reporter, in a professional capacity or within the scope of employment, has knowledge of or has observed a child whom the mandated reporter knows or reasonably suspects has been the victim of child abuse or neglect.

This bill would establish the Mandated Child Abuse Reporting Employee Training Act of 2020, which would require each governing
board of a community college district to: (1) annually train, using the
online training module developed by the State Department of
Education, Education or other approved training, as specified, employees and
administrators of the district who are mandated reporters on the
mandated reporting requirements, as specified; (2) develop a process
for those persons required to receive training under the bill to provide
proof of completing this training within the first 6 weeks of each
academic year or within 6 weeks of that person’s employment; and (3)
develop a process to identify the students who are minors enrolled in
classes at the community college district and provide that information
only to faculty members and other employees who are mandated
reporters, as specified. The bill would provide that a person employed
by more than one community college district or by more than one college
in a single community college district is required to receive the required
training only one time in each academic year. By imposing new duties
on community college districts, the bill would impose a state-mandated
local program.

The California Constitution requires the state to reimburse local
agencies and school districts for certain costs mandated by the state.
Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates
determines that the bill contains costs mandated by the state,
reimbursement for those costs shall be made pursuant to the statutory
provisions noted above.

State-mandated local program: yes.

The people of the State of California do enact as follows:
